## **Missions and Prayer**

### **GLOBAL**

For Mother's Day this weekend, we want to honor all women and pray for them as so many have the potential to be and are the greatest influences for change in their communities and families. We remember the world's most marginalized women on this day as well, and we pray that God's love may encourage, support, comfort and inspire women from all walks of life. Remember to pray for the special women who may be in your life also.

### **CANADA**

Remember to pray for those that have been affected by the major floods in Quebec and Ontario as hundreds of homes have been evacuated over the course of the weekend, as well as at least 146 municipalities that have been impacted by the high water levels in this state of emergency. Please pray for safety against the high waters and winds, and for the loss that communities of people are enduring during this difficult time. Pray for the Canadian armed forces and emergency services that are working around the clock to ensure the protection of residents and homes.

### **EAST ASIA**

Please pray for our work in East Asia, as our Strategic Associate will be teaching a group of church leaders this week on the important subject of how to start small group ministry. Please pray for wisdom in teaching and in their adaptation of what they will be learning, that it will be effective and fruitful for ministry and the growth of the church. As well,
